# Summer School Registration 2023

## Agora Summer School Structure

### Step 1 - The Assessment:

At Agora Summer School, we will be setting up small group sizes of 3 students per educator to help catch up on our academic knowledge and skills. We will be evaluating students using the Brigance Academic Assessment. The results report on students' knowledge of reading, reading comprehension, listening and comprehension, spelling, sentence writing, and math skills. As the guardian/parent, you will get a detailed, inside look into what your child already knows and where the knowledge gaps are so we can fulfill them in our Summer School program.

### Step 2 – The program:

Using purchased materials and some online teaching resources, we will work with your child to help them catch up on academic subjects, i.e.: English, Math, study skills and Science. Our educators will work with your child to help them retain knowledge through engagement, study tips and clever shortcuts that are fun and easy to learn. Each educator will be at a table for one hour with three different students. Students will be working on their own subject matter. Students in K-4 will be grouped together and those in 5-8 will be together. High school students will also be grouped together.

**Students must arrive on time and ready to learn for the hour. Students must be picked up right on time as well to ensure a smooth transition for the next group of students.**

### Step 3 – The Reporting:

We will meet with you after two weeks to update you on your child's progress and answer any questions you may have. Please email us in case there are any questions leading up to the meeting so we can continue to keep the lines of communication open. [info@agoraprep.com](mailto:info@agoraprep.com) is the best way to reach us.

### Policies:

- Student arrival and departure will be prompt.
- Students will be respectful, kind and prepared to learn.
- Parents are asked to wait in the lobby for their child and do not disrupt teaching during the hour.
- Assessments will be booked **prior** to the summer school learning program (**latest June 26<sup>th</sup>, 2023**)
- Parents will pay the tuition fees prior to starting the program.
- There are no make up classes or days for missed times.
- Fees are non-refundable.

**I agree to these policies and I acknowledge understanding of the assessment process, program and reporting.**
